

How to fold a Paper Crane.....

Page 1

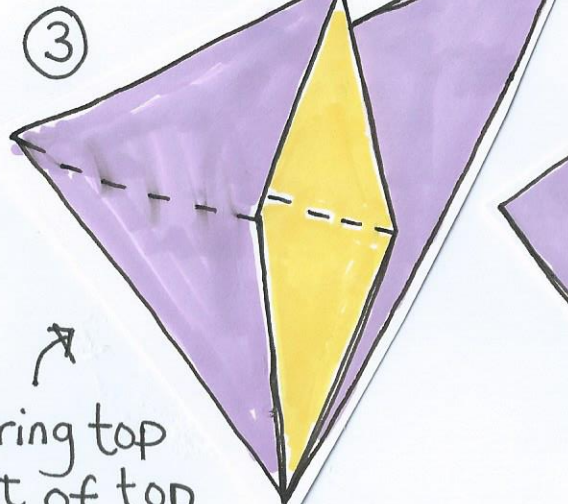

- Make your paper a Square by folding your paper in half, diagonally. Then cut along the line.

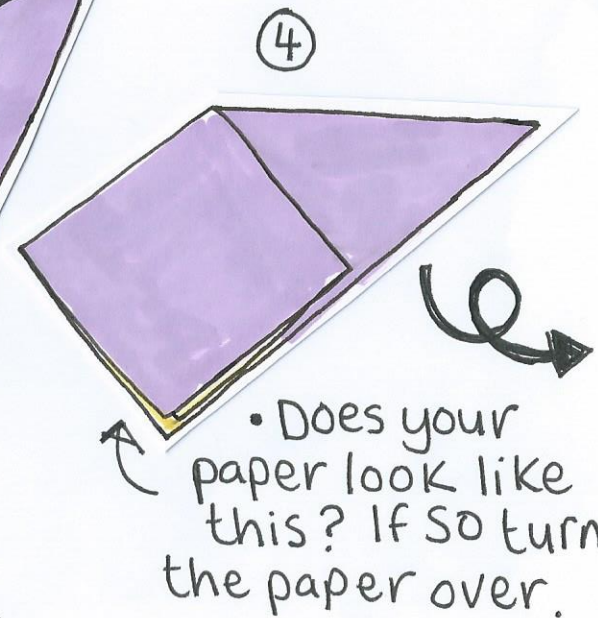

- Fold in half again.

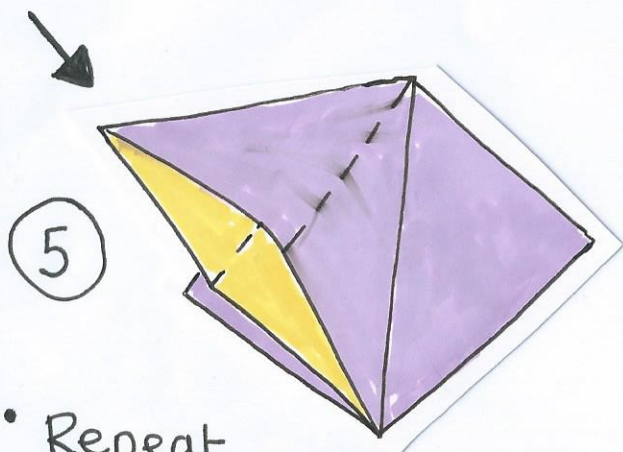

②

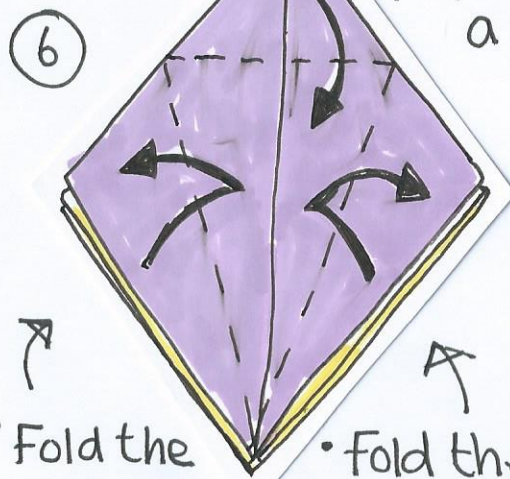

- Bring top point of top layer down to meet the bottom point, opening the paper as you go, to form a Square.

- Does your paper look like this? If so turn the paper over.

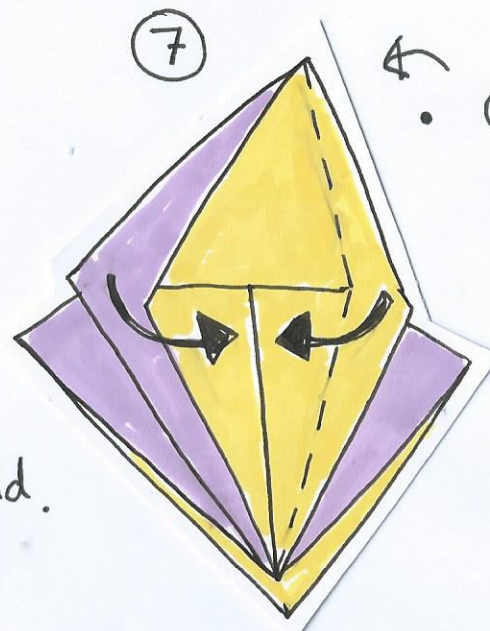

- Repeat the same fold on this side.

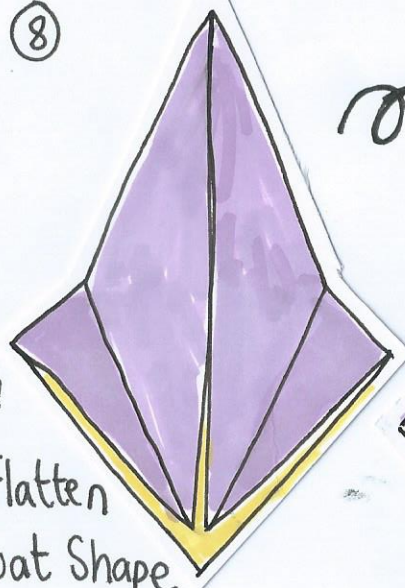

- Fold the Sides of top layer into middle and unfold.

- Fold the top down and unfold.

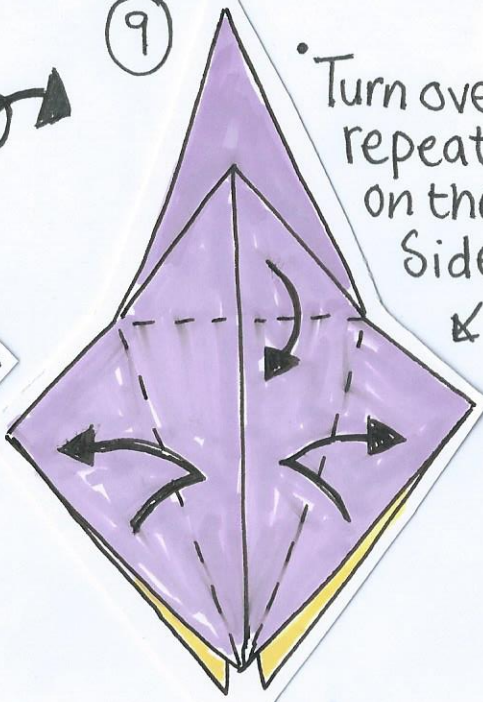

- Create a boat-like Shape by folding Sides inwards.

⑧

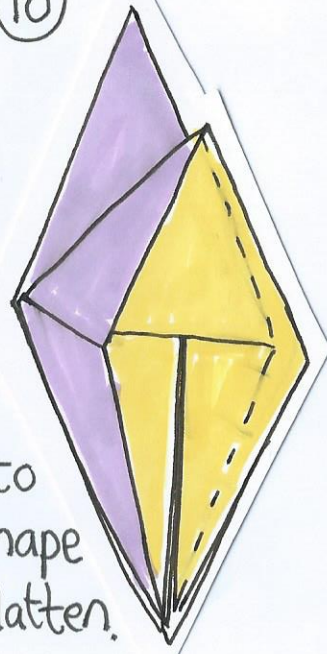

Flatten boat Shape inward.

⑨

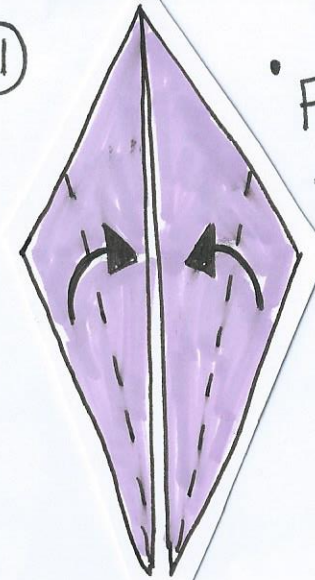

Turn over and repeat folds on the other Side.

⑩

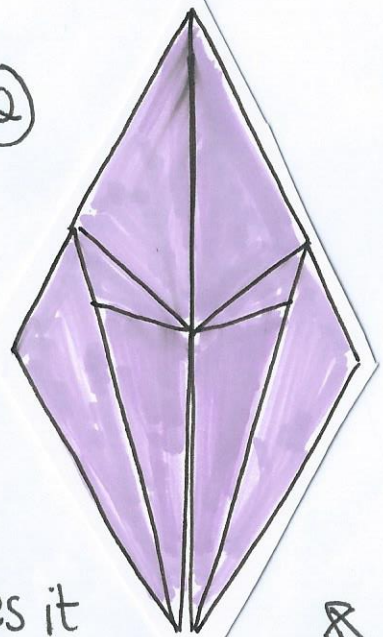

open to boat Shape then flatten.

⑪

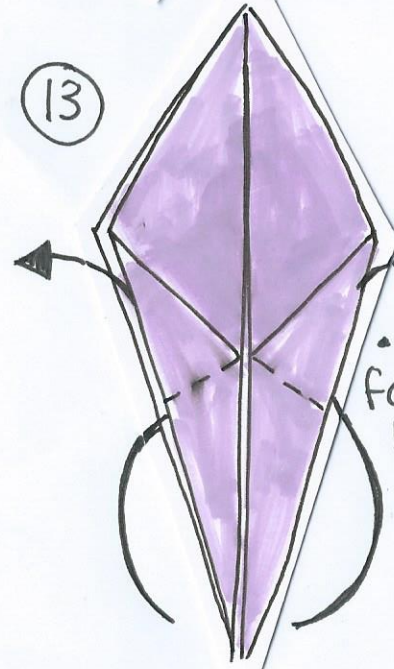

Fold sides to top layer to Middle.

⑫

Does it look like this? Then turn over and repeat ⑪

⑬

Reverse fold the bottom points.

⑭

Reverse fold one end to make head Shape. Fold down the wings

What if... I was a Crane?
